

All documents. On your *phone. Always.*

Aadhaar, PAN, driving license, voter ID, marksheets, vehicle RC — all stored in one secure government app called DigiLocker.

WHAT'S INSIDE

- ✓ Install and login to DigiLocker
- ✓ Fetch your government documents
- ✓ Use DigiLocker as official ID

— WHY THIS MATTERS

One app. Every document. Government-issued.

DigiLocker is an app made by the Government of India. It stores digital copies of all your government IDs and certificates.

PAN, Aadhaar, driving license, voter ID, marksheets, vehicle RC, insurance — all in one place. Show on phone at airports, police checkpoints, anywhere. Same legal status as paper original.

WHAT YOU'LL LEARN

- Install DigiLocker
- Login with Aadhaar
- Fetch your documents
- Show documents anywhere

🕒 *Takes about 6 minutes to read*

1

STEP 1 OF 6

Install DigiLocker from Play Store

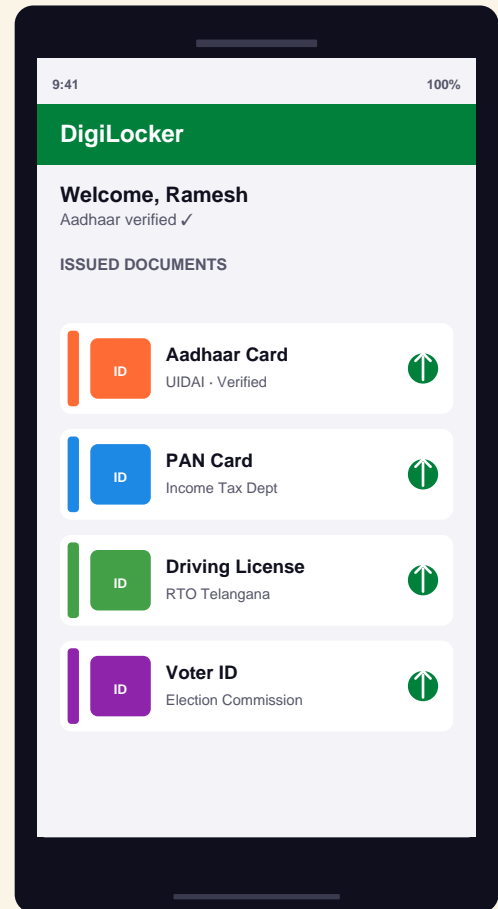

Search 'DigiLocker' in Play Store. Install the OFFICIAL one — by 'Government of India'.

It has a green and gold lock icon. 100+ million downloads. Verify the maker is 'Government of India' before installing.

WARNING

Many fake apps copy the DigiLocker name. ONLY install if the developer is 'Government of India'.

2

STEP 2 OF 6

Sign up with phone and Aadhaar

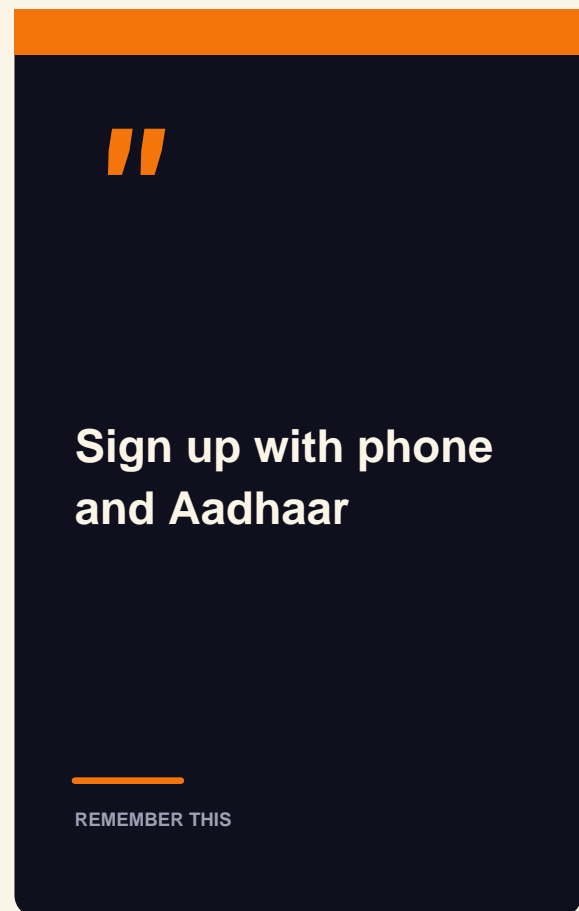

First time, the app asks for:

- Mobile number (must match Aadhaar)
- 6-digit DigiLocker PIN you create
- Aadhaar number
- OTP sent to your phone

After verification, you're inside DigiLocker.

TIP

The PIN you create is for DigiLocker only. Don't use the same as your bank PIN. Make it different and memorable.

3

STEP 3 OF 6

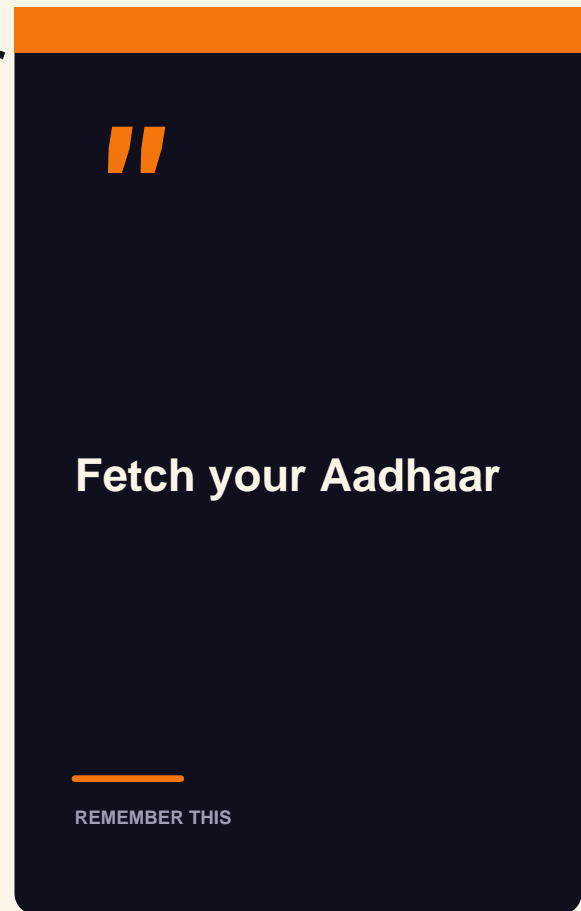

Fetch your Aadhaar

On the home screen, tap 'Issued Documents' > 'Pull Aadhaar'.

DigiLocker connects to UIDAI and pulls your Aadhaar automatically. Same for PAN — tap 'Pull PAN' to add.

TIP

Your photo on DigiLocker matches your Aadhaar photo. The whole process takes 30 seconds.

4

STEP 4 OF 6

Add driving license, voter ID

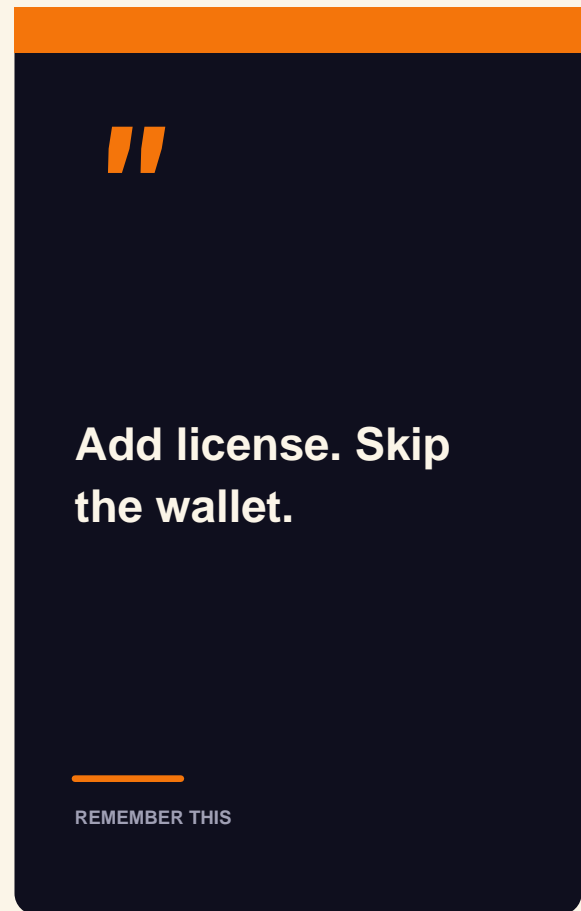

DigiLocker can pull these too:

- Driving License (from RTO)
- Vehicle RC
- Voter ID
- School/college marksheets
- PAN card

Each one takes 1 minute. Add what you have.

TIP

Add driving license — useful when traffic police asks. Show on phone, no need to carry physical card.

5

STEP 5 OF 6

Show documents to officials

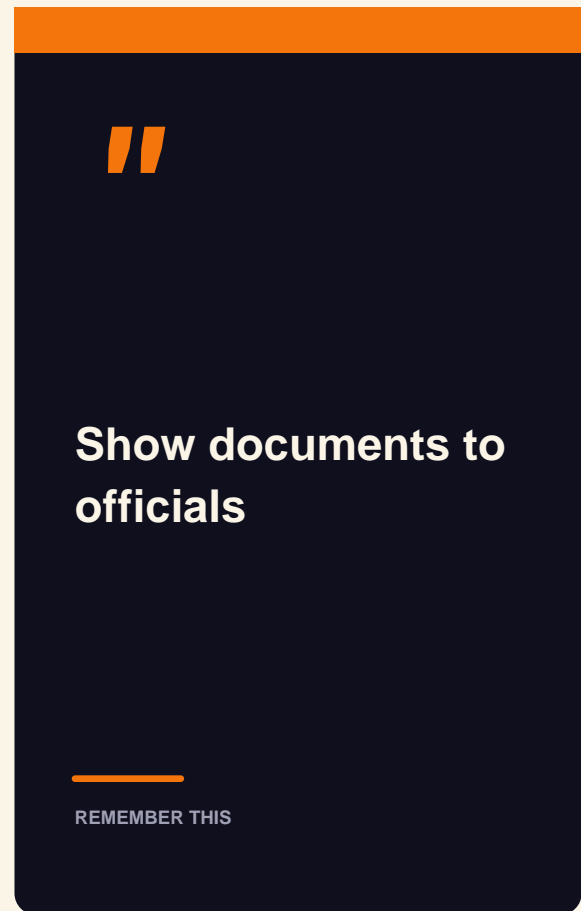

When asked for ID at airport, train station, or police checkpoint:

1. Open DigiLocker
2. Tap the document needed
3. Show the screen

Officials can verify via QR code on the document. Same legal validity as original.

TIP

Practice opening DigiLocker once a month so you remember how. In emergencies, you don't want to fumble.

6

STEP 6 OF 6

Sharing documents safely

If you need to send your Aadhaar to a hotel, doctor, or office:

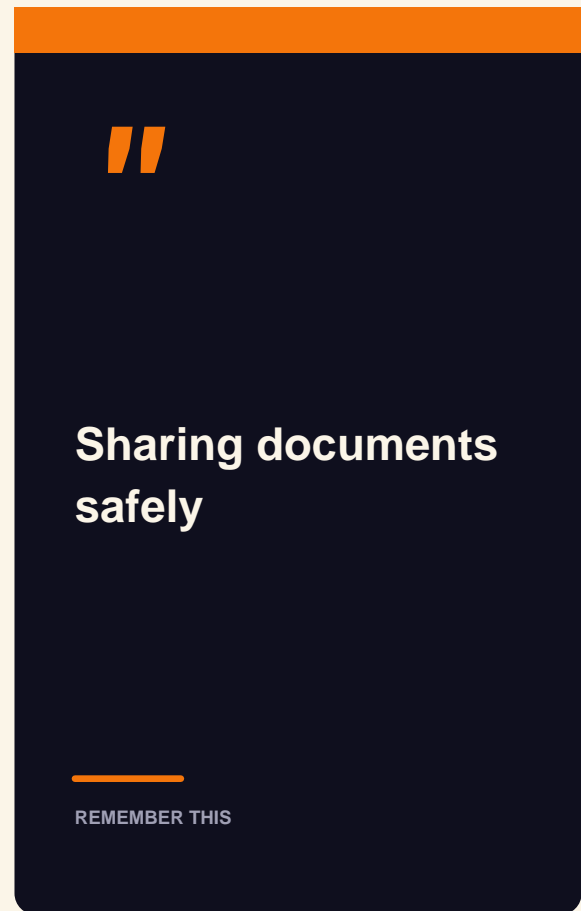

- Use 'Share' from DigiLocker
- Generates a QR code or link
- They can verify it's real (not photoshopped)

Safer than sending photo on WhatsApp.

WARNING

Never share screenshots of your full Aadhaar number. Use DigiLocker's 'Mask Aadhaar' option — shows only last 4 digits.

QUICK RECAP

Government, in your pocket.

1

DigiLocker is by Government of India

Look for 'Government of India' as the developer. Anything else is fake.

2

Login uses Aadhaar

Phone number + Aadhaar + OTP. That's it. Once you're in, your government IDs auto-pull.

3

Same legal validity

DigiLocker documents are accepted same as physical ones. Airports, police, banks — all accept.

4

Add what you have

Aadhaar, PAN, driving license, voter ID, RC — pull each one. They live in your DigiLocker forever.

5

Mask before sharing

Never share full Aadhaar number. Use 'Mask Aadhaar' option in DigiLocker for partial reveal.

School of *Elderly*

You did it.

We're proud of you.

Learning new things at any age takes courage. Tell your family what you learned today — they'll be proud too.
